

Congratulatory message from the Minister for Health, Permanent Secretary and entire health fraternity to Dr. Carissa Etienne on her election as Director of Pan American Health Organization.

The Minister for Health, Permanent Secretary, Staff and the health fraternity join with many others in conveying cordial congratulations on your promotion to Director of Pan American Health Organization. We have always been impressed with your dedication and leadership in health.

Your well-deserved elevation to this high office has come with a lot of excitement, considering your legacy of hard work in public health, dedication, diligence and proficiency to work.

You have been a great leader, astute and focused. You have always displayed exemplary attributes that make you a worthy model.

Your exemplary and outstanding contribution locally, regionally and internationally has been immense. Your impressive achievements have indeed attributed to the high level of admiration and respect endowed on you by so many both here in Dominica and on regional and international shores . It has positioned you to be the best choice for this esteemed position.

We have the confidence that you will deliver efficiently in this new position and bring a new and refreshing perspective on advancing public health in the Americas

The Ministry of Health pledges support to you and wish you enormous success as you lead the organization.

May God's blessing and favor be yours

You have made Dominica proud

Hon Minister for Health

Julius. C .Timothy
