Honourable Roosevelt Skerrit
Parliamentary Representative – Vieille Case Constituency
Office of the Prime Minister
Financial Centre
Kennedy Avenue, Roseau
Dominica

Dear Mr. Skerrit

Re. Invitation to participate in Town-Hall style discussions in the Vieille Case Constituency

I write to bring forward to your attention, the concerns of the communities which make up the Vieille Case Constituency, in reference to the upcoming general elections.

A number of constituents, in recent months, have repeatedly been asking for Town Hall style discussions between the two leading political parties' representatives, who will be vying for the position of Parliamentary Representative, to articulate their plans and visions for the Constituency in a very relaxed and less politically charged setting.

In my humble opinion, this is not an unreasonable request or daunting task but rather, an opportunity for our Constituency to lead the charge in Town Hall style (s) debates across the country, where constituents can hear directly from their leaders or prospective leaders. Considering what you have achieved as a young politician; it would be a fitting tribute for those with similar interests. It would really be remarkable to see you give back in this manner, by engaging your opponent. This new dimension to the campaign will provide the opportunity for constituents to ask questions or inform their respective parties of their vision for the constituency. I am confident that this would promote very healthy discussions on developmental matters of the constituency but more importantly, ice all the undesirable commentaries associated with political campaigning.

Should you agree to accept the invitation to participate in this engagement, I will leave the conditions for the discussion at your convenience inclusive of the appointment of a moderator.

Respectfully,

CLEMENT MARCELLIN MPM, BSTM (Hons)

UNITED WORKERS PARTY CANDIDATE - VIEILLE CASE CONSTITUENCY
