NOTICE.

Administrator's Office,
18th July, 1950.

THE attention of the General Public is invited to the scheme for organisation of relief in the event of a hurricane, which is re-published in this issue of the *Official Gazette*.

2/30.

ORGANISATION AND PROCEDURE FOR REPORTING ON DISTRESS AND ORGANISING RELIEF IN THE EVENT OF A HURRICANE.

HURRICANE DISTRICTS.

1. For the purpose of hurricane report and relief, the Colony shall be divided into the following four Hurricane Districts:—

- (a) THE ROSEAU DISTRICT, as bounded by the jurisdiction of the Roseau Town Council.
- (b) THE WESTERN DISTRICT, being Magisterial District "E" excluding Roseau.
- (c) THE SOUTH EASTERN DISTRICT, being Magisterial District "F".
- (d) THE NORTHERN DISTRICT, being Magisterial District "G".

DISTRICT HURRICANE AUTHORITIES.

2. There shall be a District Hurricane Authority for each District as follows:—

- (a) For THE ROSEAU DISTRICT, the Roseau Town Council.
- (b) For THE WESTERN DISTRICT, the Magistrate, District "E."
- (c) For THE EASTERN DISTRICT, the Magistrate, District "F".
- (d) For THE NORTHERN DISTRICT, the District Officer.

HURRICANE REPORTS.

3. Each District Hurricane Authority will submit urgently to the Administrator his first rough Report as soon as possible after the disaster. The Report should give such information as may be considered fairly accurate and also an opinion as to the extent of the disaster in those parts of the district from which there are only rumours, with an estimate of the possible requirements in the way of relief. This report should also give a rough estimate of loss of life, serious personal injury, damage to houses and destruction of food crops and food supplies, and number of individuals rendered destitute.

4. Each District Hurricane Authority will send in further reports correcting and amplifying the first report and giving such details as are possible, as soon as receipt of information justifies his doing so; and he will continue to send in daily or periodical reports, as may be necessary, acting on his own discretion.

5. The Officials of each District will afford the District Hurricane Authority all the information in their power, with the least possible delay, in order that the report may be full and complete.

RELIEF.

6. In addition to the District Hurricane Authorities, Local Hurricane Authorities have been appointed as follows:—

WESTERN DISTRICT.

Canefield, Morne Prosper, Loubiere, Everton, Trafalgar, etc., Laudat and Bellevue: The Dean of Roseau and Priests, The Honourable Austin Winston.

Pointe Michel: The Parish Priest, H. P. Celaire, Esquire.

Soufriere and Scott's Head: The Parish Priest, The Honourable Arthur Pemberton, Terrence Etienne, Esquire.

Mahaut and Massacre: The Parish Priest, Reginald Isidore, Esquire.

St. Joseph, Layou and Salisbury: The Parish Priests, The Head Teacher, St. Joseph, and W.F. Harrison, Esq,

Coulibistrie, Batalie, Morne Rache, Colihaut and Dublanc: The Parish Priest, The Honourable H. D. Shillingford, C.B.E.

EASTERN DISTRICT.

Grand Bay: The Government Officer, the Parish Priest, H. Bellot, Esquire, and L.A. Casimir, Esquire.

Petite Savanne and Bagatelle: The Head Teacher, Petite Savanne.

Delices: The Head Teacher.

Laplaine: The Parish Priest, the Head Teacher.

Rosalie: The Head Teacher.

San Sauveur, etc.: The Parish Priest, the Head Teacher.

Castle Bruce: The Head Teacher.

NORTHERN DISTRICT.

Portsmouth and surrounding District: The District Officer.

Vieille Case etc.: The Parish Priest, B.A. Royer, Esquire.

Wesley: The Parish Priest, James Henry, Esquire.

Marigot: S.O. Pringle, Esquire, the Head Teacher.

Hampstead and Calibishie: The Head Teacher and Hartwell Theodore, Esquire.

7. These Local Hurricane Authorities will take emergency measures for affording relief and will report as soon as possible to the District Hurricane Authority.

8. In the event of communication with the District Hurricane Authority being difficult or impracticable, the Local Hurricane Authority will report direct to the Administrator.

9. Each District Authority will endeavour to keep in close touch with the Local Hurricane Authorities in the various areas in his District and, in spite of there being no such vote, will be justified in expending the money urgently needed, whether for special messenger or for food, without awaiting the Administrator's authority, up to a limit of £5 for each District. Just as the Administrator will authorise urgent expenditure in anticipation of being able to justify it to the Council and Secretary of State, so the District Authorities may rely on the refund of the sums they expend without authority, provided that they

can show that the expenditure was reasonable and the need for it urgent.

10. The Public who have suffered loss or damage should apply to the Local Hurricane Authorities in each area and not come or send to the Officials at Roseau.

11. For the further and better organizing of these measures the following CENTRAL HURRICANE RELIEF COMMITTEE has been appointed:—

His Honour the ADMINISTRATOR,
Chairman,

The HON. FIN. SECTY.

The Hon. J.O. AIRD,

The DIRECTOR OF WORKS,

The SOCIAL WELFARE OFFICER,

The Very Revd. the Dean of Roseau,

The Rector, St. Georges Church.

The Revd. J. DAVISON.

NOTICE.

HURRICANE WARNING.

1. At the beginning of the hurricane season and generally in the month of July, all shutters and fastenings should be thoroughly overhauled and renewed where necessary. In the case of detached shutters identification marks should be clearly painted on each, corresponding with the number and location of each window.

2. When barring up a house on indications of bad weather or the approach of a hurricane—begin with the side facing the direction of the prevailing wind, which varies as a rule from the North-West to North-East. Should the centre happen to pass over the island during the period of calm the north side should be opened up and the southern or westerly sides closed. Very often, however, the hurricane shifts directly from North-East to South East with little or no interval of relative calm, and under such circumstances it is wise to have every window securely fastened.

3. For the information of the public generally it may be stated that a special hurricane code is in use and on the indication of a falling barometer and prevailing hurricane symptoms, mutual telegrams are interchanged; this is supplemented by a voluntary service by the Cable and Wireless (West Indies Limited) who have kindly undertaken to publish daily barometric and other weather observations from the observations from the neighbouring islands.

DOMINICA. The following signal, will be made from Fort Young, Roseau, as a warning in event of probable approach of a hurricane or severe gales

CAUTIONARY SIGNAL.

One gun or rocket will be fired at any time of the day or night, and a red flag having a black centre will be hoisted on the signal staff by day, and a red lantern by night.

DANGER SIGNAL.

Two guns or rockets will be fired in succession, and two red flags with black centres will be hoisted by day and two red lanterns by night.

When the signal is given, steps should at once be taken to secure premises on shore and vessels in port against impending danger.

CANCELLING SIGNAL.

On improvement of weather conditions after either the Cautionary or Danger Signals have been made, and it is considered that the hurricane has passed Dominica, a blue flag will be hoisted.

With regard to Portsmouth, the same signals will apply, the necessary flags and red lanterns being hoisted at the Police Station, Portsmouth.

STATEMENT REGARDING THE AWARD OF SCHOLARSHIPS IN THE COLONY.

Numerous Statements have been made from time to time that it is the intention of the Colonial Governments both to appoint local candidates to senior posts in the public service, when suitably qualified men or women are available, and to provide training facilities to ensure that qualified candidates are available, not only for the public service but also for professional and technical posts outside Government.

2. In furtherance of this policy a number of scholarships have been awarded from local resources, from Colonial Development and Welfare funds and from other sources. Further awards are proposed and in order that members of the public may know of what has been and is being done in this direction, a detailed statement of the position is set out below.

[Gazetted 24th July, 1950.]

1. **Short Title.** This Order may be cited as the Trading with the Enemy (Custodian) Order, 1950.

- (d) articles made wholly or partly of mother-of-pearl, ivory, amber, jet, coral, natural shells or tortoise-shell, jade, onyx, lapis lazuli or other semi-precious stones.

Provided nevertheless that this Order shall not have the effect of vesting in the Custodian any property in respect of which any licence, consent or authority has been given under the Ordinance, or any Order made thereunder.

6. **Delivery to Custodian.** Any person having possession, control or management of property the subject of this Order shall, on being so required by the Custodian, deliver the same to him.

7. **Sale by Custodian.** The Custodian shall sell the said property or any part thereof as and when requested so to do by the Governor with power for that purpose to employ such agents as he shall think fit and to obtain the advice or assistance of experts whenever it shall appear to him to be advisable.
