

PRESS RELEASE

FOR IMMEDIATE RELEASE:

ELECTORAL OFFICE OF DOMINICA INTRODUCES CENTRALISED VOTER CONFIRMATION SERVICES IN ROSEAU

Roseau, Dominica – 25 March, 2026— The Electoral Office of Dominica continues its commitment to serving the general electorate in a transparent, inclusive, and accommodating manner by introducing centralised voter confirmation services in the capital city.

In an effort to better support electors who are registered in constituencies outside of Roseau but have since relocated or are employed within the Roseau vicinity, the Electoral Office will facilitate weekly voter confirmation services at the Windsor Park Sports Stadium.

Under this initiative, a different constituency will be accommodated each week, allowing electors convenient access to the confirmation process without the need to travel to their respective districts. This rotation is scheduled to commence in the second week of April 2026, and a detailed monthly schedule will be published across various media platforms, including the Electoral Office's official online channels.

The Electoral Office is pleased to report that both voter confirmation and voter registration processes continue to progress smoothly. This initiative forms part of the Office's ongoing efforts, within the framework of the law, to ensure that the democratic rights of every Dominican are safeguarded, while promoting fairness, accessibility, and inclusiveness across all electoral processes.

Members of the public are encouraged to take advantage of this opportunity to complete their voter confirmation in a timely and convenient manner.

For further information or inquiries, the Electoral Office may be contacted via the Electoral Hotline at 767-617-9595 or 767-275-8164.
